| | SWG 642 – Advanced Practicum: Direct Practice I (240 Hours-Agency 2) | 3 | Restricted Elective | |
| | Open Elective % | 3 | Restricted Elective | |

% Open Elective: Any graduate-level course. It may be within Social Work, or in another discipline. If you are choosing to take a course outside of Social Work you will need to work directly with that department should the class require any override.

Students may opt to take their Open electives during the summers in order to lighten the course load during the third year of their program. Summer offerings are contingent upon enrollment.

Most courses are only offered in the semesters as they are outlined.
