Student Intern: At the beginning of each semester of the practicum, the student intern, with assistance from the Practicum Supervisor and Liaison, reviews and drafts the form. Practicum Supervisors will use the learning activities to evaluate the student intern's mastery of each learning core competency at the end of each semester.

<p>For each competency, the student must add one STUDENT CREATED ADDITIONAL ACTIVITY that will measure skill attainment in that area. These activities should be specific to the agency, align with student intern goals, and provide a clear picture of the work being completed. Activity must also include how it will be measured. [SMART Goals]</p>	<p><i>Please note: if the activity is completed in the first semester, plan to create a new activity in the second semester form or build on the first semester activity for second semester. If an activity or project is set to span both semesters, copy and paste the activity into the second semester form.</i></p>
<p>For each activity, the student intern must set a TARGET MONTH. Target months need to be unique to the learning activity and there should be a variety of dates spread throughout the first and second semesters. Target months should be chosen in the semester that matches the target semester selected in the drop down.</p>	<p><i>Please note: if the activity will be completed in the first semester, the target month should fall in the first semester. If the activity will be completed in the second semester, the target month should fall in the second semester. If an activity or project is set to span both semesters, a first semester target month should be set in the first semester form and a second semester target month should be set in the second semester form.</i></p>
<p>For each activity, the student must select a TARGET SEMESTER from the drop down.</p>	<p><i>Please note: If the activity is set to be completed in the first semester, select "First Semester" from the drop down and list a first semester target date. If the activity is set to be completed in the second semester, select "Second Semester" from the drop down and list a second semester target date. Educational Policy Accreditation Standards (EPAS):

Competency-based education is an outcome-oriented approach to curriculum design. The goal of the outcome approach is to ensure that students are able to demonstrate the integration and application of the competencies in practice. In the EPAS, social work practice competence consists of nine interrelated competencies and component behaviors that consist of knowledge, values, skills, and cognitive and affective processes. The nine core competencies, and two ASU program-specific competencies, are listed below, followed by a set of behaviors that integrate these components. The learning activities associated with each represent the underlying content and processes that inform the behaviors.

Semester Evaluation Instructions:

Practicum Supervisor: At the end of the semester, rate your student intern for each learning activity using the rating scale listed below. First semester students should be routinely (50%) demonstrating expectations. Provide comments in the comment box below each competency. The comments should provide justification and/or support the scores.

Please note: this evaluation form follows the same learning objectives as outlined in the student intern's Learning Contract. Be sure to evaluate the student intern's performance and progress towards competency within the context of the evaluation criteria found in the Learning Contract.

For each activity, if target date is "First Semester," activities are scored based on exposure and progress.
 For each activity, if target date is "Second Semester," activities are scored based on partial completion and progression from first semester.
 N/As should be used only in the case the student has had zero exposure or opportunity to that specific activity.
 A score of "5" indicates a student has fully mastered a skill and does not allow the student intern to demonstrate advanced skills in the second semester.
 -If a First Semester student receives a "5" please include justification in the comment section below the specific competency.
