<b>Learning Contract Instructions:</b>
<b>Student Intern:</b> At the beginning of each semester of the Practicum placement internship, the student intern, with assistance from the Practicum Supervisor, reviews, and drafts the form. Practicum Supervisor will use the learning activities to evaluate the student intern’s mastery of each learning core competency at the end of each semester.

<p>For each competency, the student must add one <b>STUDENT CREATED ADDITIONAL ACTIVITY</b> that will measure skill attainment in that area. These activities should be specific to the agency, align with student intern goals, and provide a clear picture of the work being completed. Activity must also include how it will be measured. <b>[SMART Goals]</b></p>	<p><i>Please note: if the activity is completed in the first semester, plan to create a new activity in the second semester form. If an activity or project is set to span both semesters, copy and paste the activity into the second semester form.</i></p>
<p>For each activity, the student intern must set a <b>TARGET COMPLETION DATE</b>. Target dates need to be unique to the learning activity and there should be a variety of dates spread throughout the first and second semesters. Target dates should be chosen in the semester that matches the target semester selected in the drop down.</p>	<p><i>Please note: if the activity will be completed in the first semester the target date should fall in the first semester. If the activity will be completed in the second semester, the target date should fall in the second semester. If an activity or project is set to span both semesters, a first semester target date should be set in the first semester form and a second semester target date should be set in the second semester form.</i></p>
<p>For each activity, the student must select a <b>TARGET SEMESTER</b> from the drop down.</p>	<p><i>Please note: If the activity is set to be completed in the first semester, select "First Semester" from the drop down and list a first semester target date. If the activity is set to be completed in the second semester, select "Second Semester" from the drop down and list a second semester target date. If the activity is set to span both semesters, select "First and Second Semester" from the drop down and list a first semester target date in the first semester form and list a second semester target date in the second semester form.</i></p>

## Educational Policy Accreditation Standards (EPAS):

Competency-based education is an outcomes-oriented approach to curriculum design. The goal of the outcomes approach is to ensure that students are able to demonstrate the mastery of integration and application of the competencies in practice. In EPAS, social work practice competence consists of nine interrelated competencies and practice behaviors that are comprised of learning activities. The nine core competencies, one ASU specific, and one professional growth and development activity are listed below followed by a description of characteristic knowledge, values, skills, cognitive/affective processes (listed as Activities To Evaluate Student Mastery of EPAS) and the resulting practice behaviors that may be used to operationalize the curriculum and assessment methods.
