Introduction

This guide is intended to be provided to Field Instructors who are supporting and mentoring students throughout their internships with Arizona State University School of Social Work, using a student placement software named Sonia.

The ASU Field Team has customized this page with text and graphics. Be advised that some Sonia features may not be available using a tablet or phone. In this reference guide, Field Instructors will learn how to gain access to and navigate Sonia, student documentation, and agency details.

Field Instructors, students and Field Liaisons are responsible for reporting technical issues to the Field Education Office. If you are unable to submit or save forms, experience an error screen or lose access to the Sonia system, please do not contact the ASU help desk. Sonia is a third-party software and all issues must be reported to the Field Office at SSWfield@asu.edu.

Welcome Hayward, Elizabeth

Welcome to ASU School of Social Work Field Education

Due dates listed in the calendar and on the forms align with field course semester dates. We understand that students may not always find it possible to meet these due dates given current conditions and encourage these students to work with their Field Liaison and Field Instructor.

The right corner of the home page will show you documents, tutorials, and links provided by the field team.

If you see three horizontal lines next to your name, this means that your screen is not wide enough to accommodate all of the tabs. Be sure to click this to see additional menu items.

You will also find resources provided by the Field Education Office on the home page under documents and links.

You can sign out of Sonia by clicking the log out symbol.
The cog symbol is your Settings where you can do the following:
